

WORK JACKET HAVEP® REVOLVE - Model 50535

Collection

HAVEP® Revolve

Description

This work jacket combines a modern look with functionality for everyday use. The 4-way stretch ensures the jacket moves comfortably with every movement, and the Sorona® bio-based material contributes to long-lasting comfort. Multiple closable pockets provide secure storage for personal items and tools. The extended back panel offers extra coverage while working, and the industrial washability makes the jacket particularly suitable for professional use.
