EN ISO 24232: 2025

Description

This women’s parka offers reliable protection against cold, wind, and rain without compromising on comfort. The lined version keeps you warm, while the breathable, windproof, and waterproof construction with taped seams provides optimal protection during challenging weather conditions. The adjustable hood can be easily adapted to the work situation and is suitable for use with a helmet. Thanks to the athletic fit, mechanical stretch, and smart details, you can move comfortably and freely throughout the entire workday.

Characteristics

- High collar
