SHIRT UNI HAVEP® MULIT PROTECTOR+ - Model 11002

Collection

HAVEP® Multi Protector+

Norms

Description

This shirt protects you in accordance with five safety standards when working in environments with risks such as heat, flames, electric arcs, electrostatic discharge, and limited chemical splashes. The fabric is inherently flame-retardant, meaning the flame-retardant properties are an integral part of the fabric. The concealed snaps and flap-covered chest pockets keep fasteners and belongings protected. The adjustable cuffs help ensure a snug fit on the sleeves. The extended back panel provides extra coverage when bending over and reaching. The shirt is suitable for industrial laundering.
