Description

This work coat protects you during work involving hazards such as heat, flames, welding spatter, electric arcs, electrostatic discharge, and limited chemical splashes. Pleats on the back and extra inserts under the armpits give you freedom of movement when reaching, bending, and turning. The adjustable sleeves help ensure a snug fit and must be covered by gloves for proper protection. The concealed closure and flap pockets keep fasteners and belongings covered. Thanks to the front, chest, and sleeve pockets, you'll have frequently used essentials within easy reach. The work coat is suitable for industrial washing.

Characteristics

- Concealed snap-button closure
- 2 front pockets with flaps
