WORK JACKET STRETCH HAVEP® RWS+ - Model 50477

Collection

HAVEP® RWS+

Norms

EN ISO 13688: 2013
A1: 2021

2
EN ISO 20471: 2013
+ A1: 2016

Description

This work jacket combines visibility with freedom of movement. Thanks to its 4-way stretch, the jacket moves with you as you reach, lift, and bend. The extended back panel provides extra coverage, and the elastic in the sleeves helps keep the jacket securely in place. The chin guard prevents the zipper from coming into direct contact with the skin. Zippered side and inside pockets keep personal items safe while you work. The segmented reflective strips enhance visibility and remain flexible during movement.

Characteristics

- Jacket with visible zipper
- Chin guard
- Two side pockets with zippers
- D-ring in right pocket
- One interior zippered pocket with pen pocket and ID tag
- Elasticated sleeves
- Extended back panel
- Segmented reflective trim
