EN 13758-2: 2013 +A1: 2006

Description

This round-neck sweater provides extra warmth on cooler workdays. The ribbed trim at the collar, cuffs, and waistband fits comfortably and helps prevent the sweater from riding up while you move. The segmented reflective striping enhances visibility and remains flexible while you work. Thanks to UV protection in accordance with EN 13758-2 40+, the sweater offers extra protection during outdoor work. As a mid-layer within the RWS+ multi-layer system, you can easily combine the sweater with other layers of clothing when the weather changes.

Characteristics

- Contrasting ribbed round collar, cuffs, and waistband
